6th November 2014

Dear Parents / Carers,

The Governing Body and the leadership team are proud to enclose a copy of Knowsley Central School's Ofsted Inspection Report.

A full 2 day inspection took place in school on 13th and 14th October 2014 and the report states that Knowsley Central school is 'Outstanding in all areas'.

This is the third Ofsted inspection where the school has been graded as outstanding. The first paragraph in the summary of key findings states:

'Every member of the staff in this school is totally committed to enabling each and every pupil to be the best they possibly can.'

Praising the high level of outstanding teaching the inspectors said 'Outstanding teaching ensures outstanding achievement. Pupils make outstanding progress in their English and Mathematical skills so that they are able to use them in their everyday lives by the time they leave school.' The five areas judged to be outstanding are: Leadership and Management, Behaviour and Safety of Pupils, Quality of Teaching, Achievement of Pupils, Early Year's Provision.

The report describes senior and middle leaders working together as a highly effective team to drive improvement. 'They have found ways to build on the outstanding judgements of the previous inspection, not only to maintain standards but to further improve the provision and outcomes for pupils, parents and staff. They continue to have a vision and ambition to be ever more effective.'

The Governing Body received high praise from inspectors who said 'the governing body has provided exceptionally high quality support and challenge to the school's leaders. The commitment and stability of governing body membership has been a huge contributory factor in the school's success'.

Our service to local schools also received a high accolade and inspectors said , 'Outreach guidance, advice and support provided from the school is outstanding. Partner schools cannot speak highly enough of the contribution made by the very skilled outreach staff who help them to develop their own expertise.'

"Everyone is a star and can shine in our learning community"

We are extremely delighted to have achieved an 'Outstanding' Ofsted rating yet again.

Knowsley Central School is committed to providing the absolute best chance for every pupil to succeed, and it is fantastic to have our hard work recognised.

Yours sincerely,

Mrs P. G. Thomas

Mrs Thomas
