

How you can help at home

- Talk about being healthy- healthy foods, being active.
- Encourage your child to eat healthy foods and be active.
- Share books and stories at home- ask who, what, where, when, why questions to develop comprehension skills.
- Use positional and directional language in everyday situations- e.g. forwards, backwards, left, right, on top of, underneath, next to etc.
- Sequence events from a day- what did you do at school today? What did we do today?
